## **Become a Loudoun Medical Reserve Corps Volunteer**

With the COVID-19 pandemic a reality, the need for Loudoun Medical Reserve Corps (MRC) volunteers - both medical and nonmedical personnel - is greater than ever.

The MRC is asking medical doctors, nurses, physician assistants, emergency medical technicians, paramedics, dentists, veterinarians, and other medical professionals to consider volunteering their time to help protect the community's health during the pandemic and beyond. For example, medical professionals may be needed to help with influenza vaccination events as flu season approaches and with COVID-19 vaccinations when there is a vaccine, as well as potential testing and other events.

Nonmedical professionals can help support testing activities, contact-tracing efforts, operating the Loudoun County Health Department's information line, logistics support, and other nonmedical functions.
